

Welcome to Estes Park Golf Courses. The Estes Park 18-Hole Golf Course is celebrating 104 years of golf in 2022. The courses sit in a natural valley that is surrounded by spectacular mountains. During most of the year, you can play your round of golf while sharing the course with herds of deer and elk with an occasional coyote or two watching. The Lake Estes 9-Hole Golf Course provides a fun, stress-free environment for golfers of any skill level, with abundant wildlife and spectacular views of Rocky Mountain National Park.
