CITIZEN & BOARD COMMENTS

Citizen Comments:

Tom Kostohryz, Estes Park Resident spoke on behalf of the Estes Park pickleball community. Mr. Kostohryz gave an overview of the letter and surveys submitted to the Board of Directors prior to this meeting. Members of the pickleball community are requesting that the Board give serious consideration to the construction of eight new pickleball courts instead of the six new courts currently shown on the Stanly Park Master Plan as the pickleball sport continues to grow substantially. With an eight-court configuration, they would be able to continue working with EVRPD staff with clinics and other new player activities, and also expand with Estes Park holding pickleball tournaments and other events. In addition to the construction of the additional courts, the group is also suggesting to include windscreens as an integral part of the courts, as screens permit additional hours of play every day.

Board Member Heather Gooch read aloud an email that was sent to each Board Member by the Lawson family. The email was also printed and handed out at the Skate Park Public Meeting that was held on April 12, 2023. The email requested the new Skate Park continues to be named the Barry Lawson Skate Park and the sign made by his son, to be properly maintained by the District (The Lawson's email is included at the end of these minutes.)

Board Comments:

None

Board Vice President Gengler closed the Citizen & Board Comments portion of the meeting.

ADMINISTRATIVE REPORTS

Executive Director Report

Tom Carosello, Executive Director, supplied a written report prior to the meeting.

Mr. Carosello gave an overview of his written report which included updates on the following: Operational Updates, EVICS/FAB Inquiry re Childcare Possibilities, Estes Valley Trails Committee, Capital Projects/Infrastructure, the Estes Valley Recreation and Park Foundation, Bureau of Reclamation Updates, EVRPD Staffing, and Policy. In addition to his written report Mr. Carosello reported that the main power source to Stanley Park was damaged by the town's Highway 36/Community Drive roundabout construction project. As a temporary fix staff will use generators to run the irrigation system but the scoreboards will not be functioning.

Discussion:

Board President Dorman asked why the town cannot fix the power issue, and stated he would like the town to find a better temporary fix. Mr. Carosello stated he is meeting with the town tomorrow and will ask.

<u>Finance Director Report</u>

Pamela Bross, Finance Director, supplied a written report prior to the meeting.

Pamela Bross, Finance Director gave an overview of her written report reviewing the "Operating Revenues & Expenses chart" and "Improvement Fund Balances". The first chart that was provided was a summary comparison of year-to-date revenues and operating expenses through January 2023 and 2022. The second chart that was provided was a report of Improvement Fund Balances as of January 31, 2023. In addition to her report, Ms. Bross reported that the Auditors were on site from March 13th through March 16th and the 2022 District Audit went very well.

NEW BUSINESS

Public Hearing

Board Vice President Gengler opened the Public Hearing to Amend the 2022 Budget at 6:33pm.

The Public Hearing was held on April 18, 2023 as an opportunity for the public to comment on the consideration of a resolution to amend the Annual Budget for 2022 to account for the receipt of loan funding for the Estes Park Golf Course irrigation project and the related expense. An official notice for this public hearing is required by law. The notice appeared in both the Estes Park Trail Gazette and the Boulder Daily Camera as the District's paper of record, on April 12th, 2023.

RECORD OF PROCEEDINGS

Resolution 2023-02 to Amend the 2022 Budget (Discussion/Action)

Pamela Bross, Finance Director introduced the Resolution – Action Item.

Pamela Bross, Finance Director stated that the District Auditor has suggested that an amendment for the 2022 EVRPD Budget be made to account for the receipt of loan funding for the Estes Park Golf Course irrigation project and the related expense. This resolution would reflect the loan as income, and expense out the project.

Citizen Comments: There were no public comments made or received.

Board Vice President Gengler closed the Public Hearing at 6:37pm.

Discussion: Board President Dorman asked if TABOR would go into effect with this. Executive Director Tom Carosello replied no.

<u>Moved</u> by Eric Throne, seconded by Heather Gooch, to adopt Resolution 2023-02, Appropriating additional sums of money to defray expenses in excess of amounts budgeted for the Estes Valley Recreation and Park District for the 2022 Budget year.

No further discussion. Ayes – 5. Motion carried unanimously.

FURTHER BUSINESS

Board President Dorman asked for the status of the irrigation system at the 18-hole golf course. Mr. Carosello stated that the project is not completed but will be completed by May 1st.

Board Member Throne asked about the Stanley Park Master Plan, as the tennis courts have been replaced and plans to start replacing the skate park what would be the next step. Mr. Carosello stated that the next steps would be a Board decision. Mr. Carosello noted that GOCO grants now have three cycles. Mr. Throne stated that the Board should make list of priorities of the items on the Stanley Park Master Plan, noting safety items should be placed as a higher priority.

Meetings to Schedule

CITIZEN & BOARD COMMENTS

Citizen Comments:

Board Comments:

Board Member Gooch thanked Tom Carosello for sending his Friday updates. Board President Dorman thanked the EVRPD staff for their thorough reports and the board packet.

Board President Dorman closed the Citizen & Board Comments portion of the meeting.

EVRPD 2022 AUDIT

Kyle Logan introduced Stephanie Simon who is also with RubinBrown, LLP and he explained the agenda and audit process. Mr. Beerbower noted that next year there will be a new process in which they will reporting on the new lease rule. Mr. Beerbower then began the formal overview of the Auditor Communications report.

AUDITOR COMMUNICATIONS

The Communications report included the following statement "We have audited the financial statements of Estes Valley Recreation and Park District (the District) as of and for the year ended December 31, 2021 and have issued our report. Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated February 3, 2022. Professional standards also require that we communicate to you the following information related to our audit.

- Qualitative Aspects Of Accounting Practices
- Circumstances That Affect The Form And Content Of The Auditors' Report
- Matters Resulting In Consultation Outside The Engagement Team
- Difficulties Encountered In Performing The Audit
- Corrected And Uncorrected Misstatements
- Disagreements With Management
- Management Representations
- Management Consultations With Other Independent Accountants
- Other Audit Findings Or Issues

Mr. Beerbower reported that there were no disagreements with management and no other audit findings or issues.

Corrected And Uncorrected Misstatements

Matt Beerbower reported professional standards require them to accumulate all misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level. There were no uncorrected misstatements for the year ended December 31, 2021. Mr. Beerbower then stated that the schedule of corrected misstatements which was attached to the report identifies misstatements that they identified as a result of their audit procedures and were brought to the attention of, and corrected by, management.

Discussion: Members of the Board asked more about the misstatement that was corrected by management. Executive Director Tom Carosello stated that a balance of \$65,594.00 was written off for outstanding FEMA reimbursements from prior years projects (due to the flood in 2013) the District has exhausted all efforts to fulfil the additional information requested from FEMA. Board Member Throne asked how much money was received from FEMA. Mr. Carosello answered hundreds of thousands of dollars was received. Matt Beerbower noted that many other jurisdictions have had similar issues as FEMA's process is very timely, which causes many issues with obtaining all documentation and information required. Some smaller companies had gone out of business before all information was collected/received. Board President Dorman asked if the District has been working with a Local FEMA Director or a National Director. Mr. Carosello replied, the District had been working with a Local Director.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Stephanie Simon, RubinBrown, LLP gave an overview of the Management's Discussion and Analysis report. This discussion and analysis of the financial performance of the Estes Valley Recreation and Park District provides an overview of the District's financial activities for the fiscal year ended December 31, 2021. The report was provided to the Board along with financial statements and accompanying notes. The annual financial report consists of three parts:

- Management's Discussion and Analysis
- Financial Statements
- Supplementary notes that provide additional information to some of the information in the financial statements.

Ms. Simons overview included the Independent Auditors' Report which stated, "In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the District as of December 31, 2021 and 2020,

RECORD OF PROCEEDINGS

and the results of its operations and its cash flows for the years then ended in in accordance with accounting principles generally accepted in the United States of America."

Ms. Simon then went over the Financial Statements December 31, 2021 and 2020 which included an overview of the following:

Basic Financial Statements

- Statement of Net Position
- Statement of Revenues, Expenses, and Changes in Fund Net Position
- Statement of Cash Flows
- Notes to Financial Statements
- Supplementary Information
- Budgetary Comparison Schedule (Non-GAAP) 2021
- Budgetary Comparison Schedule (Non-GAAP) 2020
- Reconciliation Schedule of Revenues and Expenditures Non-GAAP Budget
- Conservation Trust Fund Schedule of Revenues, Expenditures, and Changes in Fund Balance Budget and Actual-2021

Discussion: Board Vice President Gengler asked if any members of the Board had any questions for Mr. Beerbower or Ms. Simon, in which there were none.

Moved by Scott Dorman, seconded by Sarah Metz, to approve the 2021 Audit Report and Financial Statements, as presented.

No further discussion. Ayes – 5. Motion carried unanimously.

Members of the Board thanked Finance Director, Pamela Bross, and Jeanne Bauer for doing a great job.

ADMINISTRATIVE REPORTS

Executive Director Report

Tom Carosello, Executive Director, supplied a written report prior to the meeting.

Mr. Carosello gave an overview of his written report which included updates on the following: Operational Updates, EVICS/FAB Inquiry re Childcare Possibilities, Estes Valley Trails Committee, Capital Projects/Infrastructure, the Estes Valley Recreation and Park Foundation, Bureau of Reclamation Updates, EVRPD Staffing, and Policy. Mr. Carosello asked for any questions or comments.

Discussion:

Board Member Moraczewski asked, with local property taxes increasing will the decrease in Senate Bill 2023-303 have a negative effect on the District. Mr. Carosello replied not in our area, but it will affect Districts located on the front range.

Finance Director Report

Pamela Bross, Finance Director, supplied a written report prior to the meeting.

Pamela Bross, Finance Director gave an overview of her written report reviewing the "Operating Revenues & Expenses chart" and "Improvement Fund Balances". The first chart that was provided was a summary comparison of year-to-date revenues and operating expenses through January 2023 and 2022. The second chart that was provided was a report of Improvement Fund Balances as of January 31, 2023.

Discussion: None

OLD BUSINESS

Skate Park Construction Documents Approval (Discussion/Action)

Tom Carosello, Executive Director introduced the action item.

NEW BUSINESS

High Elevation Community Permaculture Program Participation (Discussion/Action)

Tom Carosello, Executive Director introduced the action item.

Tom Carosello, Executive Director stated that on January 3, 2023, EVRPD released an RFP for tile and flooring installation from suitably qualified and experienced carpet and flooring professionals to install new wainscot tile and floor at the Estes Park 18-Hole Golf Course Hangar Bathrooms.

One (1) proposal was received from Park Flooring, which was opened on February 3, 2023.

The bid totals are as follows:

10,600	\$ 10,900	\$ 11,200	
		φ11,200	
17,400	\$ 18,100	\$ 18,850	
30,300	\$ 31,500	\$ 32,700	
•	30,300		

Golf staff recommends Tier 3 tiled floor, tiled wainscotting, and accent wall for the quality of the project.

The bids above are the initial amounts for the renderings in the RFP. The total budget for the improvement project is \$30,000. After some negotiation and more in-depth conversations of the scope and materials of the project, Park Flooring's bid for the Tier 3 tiled floor, tiled wainscotting, and accent wall will change. The cost is anticipated to go down from the initial number of \$32,700. Staff have not finalized that number yet but will after board approval and follow up from Park Flooring. Golf staff are confident in Park Flooring's ability to complete the project to our high standard and on time, therefore, they recommend awarding the bid to Park Flooring.

Discussion: None

<u>Moved</u> by Heather Gooch, seconded by Eric Throne to award the contract for tile and flooring installation at the Estes Park Golf Course to Park Flooring.

No further discussion. Ayes – 3. Motion carried unanimously.

Estes Park Golf Course Restroom Tile and Flooring Project Bid Award (Discussion/Action)

Tom Carosello, Executive Director introduced the action item.

Tom Carosello, Executive Director stated that on January 3, 2023, EVRPD released an RFP for carpet and flooring installation from suitably qualified and experienced carpet and flooring professionals to install new flooring at the Lake Estes 9-Hole Golf Course pro shop.

One (1) proposal was received from Park Flooring, which was opened on February 3, 2023.

The bid totals are as follows:

Pro Shop Carpet	Tier 1	Tier 2	Tier 3
Broadloom Carpet (rolled carpet)	\$ 5,300	\$ 6,250	
Carpet Tiles	\$ 6,275	\$ 6,700	\$ 7,100
Pro Shop Bathroom	Tier 1	Tier 2	Tier 3
Luxury Vinyl Plank (LVP) & Cove Base – No Wainscotting	\$ 4,325	\$ 4,450	\$ 4,575
Tile & Tile Base – No Wainscotting	\$ 8,100	\$ 8,400	\$ 8,700
Tile Floor & Wainscotting	\$ 15,900	\$16,600	\$ 17,300

Golf staff recommends Tier 3 Carpet Tile for \$7,100 and Tier 3 Luxury Vinyl Plank & Cove Base for \$4,575.

The total budget for all 9-hole capital improvement projects for 2023 is \$25,000, which is both the front desk and flooring combined. The front desk replacement already in motion will amount to around \$8,900.

Total for all capital improvements: \$8,900 front desk \$7,100 carpet tile <u>\$4,575 bathroom LVT</u> \$20,575 Total

This leaves \$4,425 to replace the men's room urinal and the men's room vanity, as well as leave an allowance for any unforeseen updates that are required to complete the projects. Golf staff is confident all projects will be completed on time and at the budget levels stated and would recommend awarding the bid to Park Flooring for both the carpet and bathroom flooring project at the 9-hole.

Discussion:

Board President Dorman asked if the bathroom would be enlarged. Mr. Carosello replied no.

<u>Moved</u> by Heather Gooch, seconded by Eric Throne to award the contract for the Carpet and Flooring Installation at the Lake Estes Golf Course Pro Shop to Park Flooring for the amount of \$11,675.00.

RECORD OF PROCEEDINGS

No further discussion. Ayes – 3. Motion carried unanimously.

Resolution 2023-03 - To Appoint Bank Signatories (Discussion/Action)

Pamela Bross, Finance Director introduced the Discussion/Action item.

Pamela Bross, Finance Director explained EVRPD Board members are authorized signers on all District bank and investment accounts. Resolution 2023-03 removes outgoing Board members and adds new Board members as authorized signers.

Moved by Sarah Metz, seconded by Stan Gengler to approve Resolution 2023-03 appointing Eric Throne as an additional signatory on, and the removal of AC Jack Holmquist, from all District bank and investment accounts.

No discussion. Ayes – 5. Motion carried unanimously.

Board Vacancy and Officer Appointment (Discussion/Action)

Tom Carosello, Executive Director introduced the action item.

Mr. Carosello stated as previously reported Sarah Metz had officially resigned from the Board of Directors. The District placed a Notice of Board Vacancy on the District's website. The notice requested that interested persons contact Tom Carosello, Executive Director, to express their interest in filling the Board of Director vacancy and to complete and submit the Board of Directors Application by February 16, 2023.

Two applications were received, which were submitted by Dan Derman and Mark Moraczewski.

Discussion:

Board Members discussed the two applicants and their qualifications and noted they both had equal qualifications. Board President Dorman noted that he was leaning towards Mr. Moraczewski only because he knows him personally.

Moved by Eric Throne, seconded by Heather Gooch, to appoint Mark Moraczewski as the intern member of the Board of Directors. *This appointment will expire at the next regular election on May 2, 2023*

No further discussion. Ayes – 3. Motion carried unanimously.

Estes Valley Trails Committee Meeting Times and Locations

Heather Drees, EVRPD Senior Administrative Assistant introduced the Agenda Item.

The Estes Valley Trails Committee (EVTC) is an advisory committee to the Board of Directors, and as such, the District formally posts meeting notices and agendas 24 hours before Trails Committee meetings. In 2023, it is proposed that the committee meets quarterly on the first Tuesday of the month, beginning at 6:00 p.m., unless otherwise posted.

The District is not required by law to post an official notice of EVTC meetings; however, it is a best practice that EVRPD has adopted to ensure transparency and to encourage public participation. The annual meeting notice designates posting locations for EVTC meetings – which are the same as EVRPD Board meeting posting locations. Committee approval of the annual meeting notice is accomplished via a motion.

(Proposed) 2023 Meeting Schedule

Quarterly *January 10, 2023 April 4,2023 *July 4, 2023 October 4, 2023

Moved by Dave Larson, seconded by Danny Basch to approve the 2023 Notice of Estes Valley Trails Committee Meetings as Quarterly on the first Tuesday of every month, beginning at 6:00 p.m.,

Ayes – 7. No further discussion. Motion carried unanimously.

2023 Committee Members

Heather Drees, EVRPD Senior Administrative Assistant introduced the Agenda Item.

In October Quinn Brett attended the Estes Valley Trails Committee meeting and expressed some interest in joining the committee. Marlene Borneman has confirmed that Ms. Brett would like to officially become a member of the Estes Valley Trails Committee.

The Trails Committee can make member recommendations to the EVRPD Board at any time, if recommendations are received, the EVRPD Board would appoint the EVTC members at their next Regular Meeting.

<u>Moved by</u> Lisa Plaut, seconded by Amy Plummer to recommend to the EVRPD Board of Directors the appointment of Quinn Brett to serve on the Estes Valley Trails Committee for three-year terms expiring in May 2026.

Ayes – 7. No further discussion. Motion carried unanimously.

*The next Estes Valley Trails Committee meeting is scheduled for: Tuesday, April 4, 2023 at 6:00pm.

Agenda Title: Staff Reports – Golf Operations **Submitted by:** Austin Logan, Golf Operations Manager

Golf Operation Board Report

May always marks the start of our golf season. The 18-hole opened on May 1, and we had a decent day to start off. Our renovation projects have wrapped up and the building is now running at 100% with no closures to any part of the building. The 18-hole had the most golfers for the month of May in the last 7 years. The 18-hole also saw a huge boost in green fee and cart revenue for 2023. Golf is still popular, and with the off-season being terrible and many golf courses closed, the masses are ready to get back out on the course. The increase is likely partially due in part to the 9-hole closure through May, but the season has started off okay weather wise. We avoided our usual May snow, and just had rain most of the month. Mother's Café finally received their liquor license mid-month and that has certainly improved business. Mother's Café is acquiring more staff week to week, and as the staff levels increase, we expect revenue and customer satisfaction to rise as well. Nearly all our seasonal staff have arrived for the season and have been trained. As we approach the middle of June our season will quickly ramp up and both courses will be busy through August.

-Austin Logan, Golf Operations Manager

Financials

9 Hole: The 9-hole was closed for all of May. Below is the summary of what we collected since the year started. The season is off and running now, and luckily, the 18-hole picked up most of the deficit on the revenue side.

Guest Services

Carly Paxton, Guest Services Supervisor

Overview

Guest Services is well staffed for the busy summer months ahead as one full-time staff member and one parttime staff member joined our team this month. In addition to training the new hires, Guest Services employees will be attending two Inservice meetings within the coming weeks. Recreation Coordinator, Chris Layton, presented the new golf simulator during an Inservice meeting last month. Employees learned how to use the different programs and they even got to test out the simulator! The next Inservice meeting will be a fitness orientation demonstration, and will be presented by Recreation Coordinator, Julie Bunton. The following Inservice meeting will be led by Aquatics Manager, Nani Couwenberg. The Community Center has a lot to offer, and I want my team to feel confident answering any questions that guests may have.

PROJECTS

Walkthrough checklists will be implemented starting this week. The front desk will complete tasks roughly every two hours, and employees will rotate in completing the checklist. Tasks are separated into three categories: Merchandise Duties, Upper-Level Walkthrough, and Lower-Level Walkthrough. The checklist is digital and easy to use and will give the front desk something to do during the slower hours.

Locker rentals and merchandise sales are considerably higher compared to last year. Several guests renewed their lockers this month and items such as towels, padlocks, and pickleball paddles are flying off the shelves! We also sell personal hygiene items like deodorant, shower gel, and shampoo/conditioner. If you forget something, we've got you covered!

<u>Schedule</u>

Operating hours for the leisure pool changed on Friday, May 26th. Open Water Walking is now offered from 7:30am to 12pm Monday through Friday and Open Swim is now offered from 12pm-6pm Monday through Friday. These hours will be in effect until mid-August. There have been no changes to the lap pool schedule or weekend hours.

The Spa will continue to be scheduled for a drain and refill every Thursday morning at 6am. The Spa opens at 9am on Thursdays.

We plan to close the lap pool from July 24 through August 1 for construction of the lap pool deck. Draining of the lap pool is tentative during this time while we wait on confirmation for other smaller projects.

Personnel

We are actively recruiting staff for part-time lifeguard and head lifeguard positions. For information on becoming a lifeguard, please contact swim@evrpd.com.

Alex F. was hired to fill our Full-Time Head Lifeguard position. He is scheduled to start lifeguarding 40 hours per week in June.

An in-service was held on May 13th where the lifeguards participated in Lifeguard Jeopardy, a game where they answered questions regarding rescue skills, the community center's EAP, water chemistry knowledge, and more in preparation for the summer season. The attendance was good.

High School Swim and Dive

The High School Swim Team finished their season on May 13th. They would have qualified for the State Championship meet for their boy's medley relay, but they were disqualified due to an error off the starting blocks. We hope they make it back to State next year! Riley finished out the season as a senior and we wish him luck in his future endeavors.

Projects

We are planning to close the lap pool for deck maintenance from July 24th through August 1st. We hope this project will be completed in time for the start of the Middle School Swim Team season starting the second week of August.

Financials as of June 9, 2023

Swim Lessons	Budget: \$47,250	YTD: \$21,806.25	46 percent	on track
Aquatics Classes	Budget: \$2,500	YTD: \$2,827.00	113 percent	completed

Swim Lessons

Swim lessons continue to be a success. Tuesday/Thursday swim lessons will end on May 25th and Saturday swim lessons will end on May 27th.

Saturday swim lessons continue to fill up with repeat students from previous sessions. We are planning to host two Saturday sessions with Kayla B. and Kassi F. and Monday/Wednesday classes as well in June.

Aquatics Classes and Other Programming

We are continuing to offer free classes included in a Rec Center membership and other programming for an additional fee. Our current programming is listed below.

Water Walking Class	Mon/Wed/ Fri	8am-8:50am	Included	Ongoing
Deep Water Aerobics	Tues/Thurs	12pm-12:50pm	Included	Ongoing
Swim Clinic	Tuesdays	10:30am-11am	Included	Ongoing

We did not hold any special programming in May besides swim lessons and inclusion classes, however we have private CPR classes scheduled for June and we are currently planning for summer programming, including Glow Swim on June 2nd and Paddleboard Yoga on June 8th.

Facility Rentals

We hosted three class parties from the elementary school during our morning Open Swim and the 4th grade robotics club to test their creations. There were no lap pool rentals for the month of May, but we are planning to host two summer camps for pool parties this summer.

Personal Training- Progress to Goal 2023

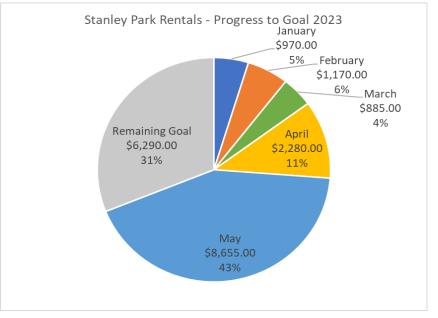

Facility Rentals

Tonya Russell, Event Coordinator

The big news this month is that Stanley Park revenues took off! This is due largely to payment for field rentals and preparation for two baseball tournaments that will take place in June and a block of mountain bike park reservations throughout the summer. We also had a lot of Bluebird and Osprey shelter rentals in May for the coming summer months. As a result, we are currently just 31% shy of our annual goal with 7 months to go! There are still a couple of big events to be paid for this summer, so I expect Stanley Park rentals to beat its goal significantly. Community Center rentals are also doing well, currently at 49% of the annual goal with 7 months left to go. I expect to meet that goal, but since we will soon be losing Summit Church rentals, there will be some revenue to make up for over the second half of the year. The Marina Pavilion and Lake Estes Shelters rentals have not been going as well but I am still hoping they will pick up over the summer.

May 2023, Facility Rentals Revenue

- Community Center rentals revenue, \$6,526.25, 9% of annual goal (49% YTD)
- Stanley Park rentals revenue, \$8,655, 43% of annual goal (69% YTD)
- Marina Pavilion rental revenue, \$25, 0% of annual goal (11% YTD)
- Lake Estes Shelters, \$0, \$0% of annual goal (5% YTD)

Facility Maintenance

Zachary Zeschin, Facilities Maintenance Manager

Overview

We are still seeing solid operational progress during the time that I have been out on leave. I have been back part time for 3 weeks with one more week to go, bringing my leave to a total of about 7 weeks. Overall, I have been very impressed with the department's autonomy as well as the support from the staff building-wide. We will continue to approach operations for the next two weeks as we have recently, and then readjust when I am back full time.

Projects

- Men's locker room fire doors were inspected by Won-Door.
- The resurfacing of the lap pool decks has been scheduled for July 24- August 1.
- Backflow preventer inspections have been scheduled, as well as our annual fire suppression and notification system inspections. This is done in coordination with Impact Fire.
- The front desk workstation PCs were replaced. This was a 4-hour process that involved an extended IT call with Connecting Point, CivicRec, and various hardware configurations.

Repairs / General Maintenance

 The team completed various tasks including paper towel dispenser installation, plumbing repairs, small paint/drywall fixes, exterior grounds maintenance, oversight of contractors and projects, and communication with myself about anything that is needed on site.

Personnel / Administration

- The entire custodial team including Greg, Tanner, Steve, John, Mark, and Wolf have been reliable and supportive during my time off. They have been tasked with building cleanliness and maintenance with very little direct supervision and have shown that we can operate in times of staff absence.
- Several maintenance issues have been worked through while I have been out. Solutions varied and sometimes required a phone call to me, electronic communication, or making service calls with vendors. There have been no outstanding issues during my absence. Some of the issues mentioned include leisure pool boiler pump, rooftop unit functionality, IT (computers, TVs, etc.), and fitness equipment problems, among others.

Board Report

JUNE 2023

GOLF COURSES/ PARKS AND TRAILS

Our irrigation project is complete. All heads are installed and have passed communication, amperage, and pressure tests. All isolation valves, drain valves, and quick couplers are in proper working order. The District has a 2-year warranty on all trench and sprinkler head settling, so we can expect to see ACC return next year to address any issues. Overall, the project went well, and staff are anxious to show our guests the benefits of the new system, however, the current weather pattern is not allowing this. The 18-hole course received just under 5" of rain 5/14-6/14. This is almost half of our annual average. The irrigation systems at both courses as well as the ball fields have been on "rain hold" for much of our spring. The moisture is great, but the lack of sunshine and warm temperatures is slowing the recovery of fairways at the 18 hole and greens at the 9-hole.

The design of the new system has allowed us to eliminate approximately 6 acres of irrigated turf. These areas were identified by management during the design process. The old system irrigated many areas that were out of the intended line of play. Sod had been harvested from these areas during the installation process and continues. These areas will be converted from maintained turf grass to "native" grass areas. These areas will require less inputs such as fertilizer, nitrogen, and mowing.

Park and Trail staff have their hands full keeping the ball fields playable and trails clean of debris with the daily rains. Olympus Field (3) has surface drainage issues that become very evident during these wet cycles. Temporary drainage was installed behind second base, but staff have found on certain occasions a trash pump is necessary to evacuate the water. A long-term solution will be discussed during budget and capital improvement discussions later this year.

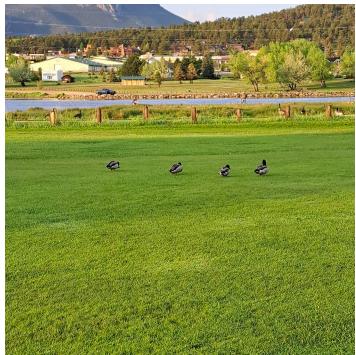

New seed and saturated soils require extra cart traffic control.

It's calving season at the 9-hole and Lake Estes Trail. Signage is posted warning trail users and golfers about the dangers of aggressive elk.

The 9-hole has always had ground water issues. Poor surface drainage and a high-water table makes turf grass maintenance difficult during wet cycles.

Tom Leba preps an area next to #10 green. This shaded, high traffic area is difficult to germinate seed. The sod will come from our turf reduction area on holes #6 and #8.

JUNE 2023 GOLF COURSES/PARKS & TRAILS BOARD REPORT

Bike Park renovations were completed by FlowRide on June 5th.

The Olympus field drainage issues are accentuated this spring. Saturated soils and poor surface drainage have added to the workload of parks staff. Temporary drainage was installed, but heavy rains still require hand work and pumping to get the surface playable.

JUNE 2023 GOLF COURSES/PARKS & TRAILS BOARD REPORT

Temporary drainage installed behind 2nd base on Olympus.

The new John Deere 4066 tractor arrived May 31st. This, with the JD 4320, will allow staff to complete many cultural practices more efficiently on ball fields and golf courses.

Elk manure, pine needles, grass clippings and spent grains from Lumpy Ridge Brewery will soon provide a good compost for District needs.

JUNE 2023 GOLF COURSES/PARKS & TRAILS BOARD REPORT

Some of the sod harvested from the turf reduction area between 6 and 8 was used on a new forward tee on # 17. This tee will allow some of the shorter hitters to try and carry the creek on the second or third shot.

JUNE 2023 GOLF COURSES/PARKS & TRAILS BOARD REPORT

Soil temperatures have been stubbornly slow to increase. We did not reach the desired soil temperatures until the first week of June. Consistent soil temperatures of 50 to 55 degrees F are needed to germinate seed and bring our annual bluegrass out of dormancy.

8 and #12 fairways have benefited from aerification, seed, fertilizer, supplemental irrigation and reduced cart traffic.

JUNE 2023 GOLF COURSES/PARKS & TRAILS BOARD REPORT

The bunker project on #9 and #6 benefited from the sod harvested from #6 and #8.

MARINA UPDATES AND CURRENT EVENTS

ONLINE PARKING

Reports indicate 882 sales totaling \$4790 in online parking revenue – in addition to cash parking in envelopes, which are collected several times each week. Monthly visitors are increasing month over month. As of June 14th, compared to the previous 30-days, visitor traffic is up 280%, orders received are up 271%, revenue is up 292% over the previous 30-days. Since this is a new system, it is expected traffic and revenue would be up. The main takeaway is confirmation that the online parking option is working and driving supplemental revenue, which has not been available in past seasons.

A SUCCESSFUL FISHING DERBY

The 2023 fishing derby was a great event, managed primarily by John Wahler. We were able to secure great prizes for each category, including a \$250 cash grand prize. The lake was stocked in the days leading up to the event which led to many participants catching 2 lb. + trout. In the end, the grand prize winner was a young man who caught the biggest fish of his young life. The Marina received great coverage from the local media. We're already looking forward to next year.

TRAIL, ELK, SPEED LIMIT SIGNS

Many new, informative, signs have been posted in and around the trails which will certainly add to the safety and security of all visitors using the trails around the lake. The signs also give an updated and nice, clean look.

THE WEATHER!

Although we're on track to meet or exceed budget and revenue numbers for the season, we are noticing a drop in afternoon foot-traffic due to frequent afternoon storms. We have yet to have a stretch of "summer" temps to help drive visitors and traffic.

Agenda Title:Staff Reports – Campground OperationsSubmitted by:Zenda Smith, Campgrounds Manager

JUNE 2023

The camping season was off to a record start in May. Campgrounds opened as scheduled on May 26th and were extremely busy even with the intermittent showers and cooler temperatures.

The necessary pre-season tasks at both campgrounds were successfully completed before opening day along with numerous maintenance tasks. I am happy that we were able to schedule and spread 80 cubic yards of wood chip in the playgrounds before opening day. We regularly receive positive feedback from our guests who are extremely impressed with the quality of our campground playgrounds. Many have commented that they come back year after year because our parks have everything they need to keep their kids engaged and happy while on vacation. The playgrounds were inspected by certified playground safety inspectors on June 8th.

New climbing trees, log, balance beam, stump steppers, and climbing wall at Mary's Lake

New multi-use play structure at East Portal with 2 slides, overhead bars, and multiple climbing features

The campground maintenance staff has been working hard on a number of projects ... building and installing 52 new picnic tables, installing a new dish sink at one of the shower houses at East Portal, repairing minor plumbing issues, replacing light bulbs in all 5 shower houses with more energy-efficient LED bulbs, planting perennials, installing a new bench and bike rack at the Mary's Lake pool, repairing fences, and updating SDS documentation.

Road damage in the Mary's Lake Campground has been a maintenance challenge this season due to all of the heavy rains. The photo below shows ruts that form quickly and require a significant amount of time boxgrading and spreading new road base with the tractor. A sustainable and long-term solution to this ongoing issue is resurfacing the roads with asphalt. In addition to maintaining the roads, the staff perform daily duties which include maintaining the swimming pool, checking the water system, and cleaning the vaults in the day use areas around Mary's Lake. They are a hard-working team that are doing their best to keep the facilities in top-notch condition.

Our new camp store/camp host staff members are also doing a fantastic job learning the Field Manager reservation system, which is no easy task. They are

responsible for checking guests in and out, making changes to reservations, selling merchandise, cleaning camp sites, and most importantly, greeting and assisting the guests. We have a great group this year who are receiving lots of compliments from our guests about their wonderful customer service skills.

In this board meeting, we are requesting permission to sell 2 EZ-GO golf carts that have been replaced with new Yahaha UMAX Utility Carts, and also permission to give away the 52 tables that are being replaced.

The revenue report is indicating that we going to have a very busy season.

June 20, 2023 Agenda Item: 2.B.7

Agenda Title: Staff Reports – Human Resources Submitted by: Robin Fallon, Human Resource Manager

June 2023

HR Goals/Projects

Employee Engagement

• Our Summer Employee BBQ was well attended. We had close to 100 people, including four board members! Our ED, Tom, was the Grill Master and we gave away fifteen \$25.00 gift cards.

Safety

- In our May safety meeting, we reviewed the District Walkthrough and discussed summer plans to keep safety top of mind. Two Safety Management Consultants from the Colorado Special Districts Property and Liability Pool came up from Denver to inspect our five playgrounds on June 9, 2023. We expect to review their report at our safety meeting on July 18, 2023. For June, instead of our regular safety meeting, we will be conducting ALICE training (Active Shooter) with full-time staff on June 27, 2023.
- Working with managers to have staff complete their online safety training. *Update: We are at 62% completion and on track to meet the 100% goal.*

Other Projects for 2023

- Employee Handbook revision is in process.
- 2023 Benchmark Survey to be completed in the summer. *Update: We are purchasing survey data from Salary.com in addition to collecting from other recreation districts and local businesses.*
- Investigate incentive/profit-sharing or "bonus" program and other recognition program options for all employees when budget expectations are significantly exceeded.
- Review and update job descriptions.
- Look for out of the box solutions to bolster employee-recruitment and retention efforts to combat the increasing labor shortage.
- Develop a more comprehensive manager on-boarding process Timeline: Fall 2023 or Winter 2024.

Workers Compensation

May 0 reported injuries; 2 claims pending from the Campgrounds.

Staffing/Turnover Summary

Our seasonal hiring for 2023 has been very successful. We have met our hiring requirements for all seasonal businesses except for two seasonal supervisor positions. The strategy of adding paid Workcamper positions for Golf Operations and Golf Maintenance in addition to finding additional local candidates has allowed us to fill all the seasonal golf positions! We have also filled all our full-time positions and the Aquatics team is at full staffing levels for the summer.

Seasonal Rehire rate May 67.57%; Season to date: 70.31%

We had no Full-time turnover for May 2023. Our Full-time year-to-date (YTD) turnover is 6.94% compared to YTD 2022, which was zero.

Our May 2023 Part-time turnover rate was 5.08% significantly lower than the May 2022 rate of 12.28%. Our 2023 year-to-date (YTD) Part-time turnover rate (19.74%) is trending above our 2022 YTD turnover rate (16.30%) and is lower than our YTD 2021 rate (25.42%). In the month of May, we lost one Part-time (PT) Head Lifeguard because of retirement, one PT Adult Instructor who is not teaching any classes this summer and one PT Personal Trainer who is moving out of state.

Total turnover for May 2023 was 1.91% significantly lower than the May 2022 rate (4.61%). 2023 YTD Turnover is 12.68% compared to 8.86% for 2022. We are still trending below our 2021 turnover rate (16.07%).

Marketing and Communications Department Report - June 2023

Lisa Von Bargen Marketing and Communications Manager

FISHING DERBY

The Fishing Derby was fun to shoot lots of happy faces and some pretty big trout! This little guy won the grand prize with a nearly 3 lb. fish.

WEBSITE

I had the chance to connect with the RedRocket web developer over Zoom last week. Here's the timeline for implementing a new website:

12 weeks from start to launch 33% down to start 33% mid-project 33% at launch

The funds for design will be included in the 2024 Budget, as requested. Upon approval in December, our start date will be January 1, 2024. That puts us at potential launch date of April 1. The Marina will already be open, but campgrounds and golf will still be off-season. Programming at EVCC will be at the end of the winter schedule. Mike Fallon stopped by to see the edit side of the current website and the limitations. I would be happy to demonstrate the same for you!

TRAIL CLOSED

The new Aggressive Elk trail closed signs, both A-frame and permanently installed versions, are up around the lake and elk calving area. Now, if people would only pay attention...

Agenda Title: EXECUTIVE DIRECTOR'S REPORT

Submitted by: Tom Carosello, Executive Director

Operational Update – Recent developments include:

- There are currently no COVID-related operational restrictions in effect and Larimer County's risk/transmission level remains on a downward trend at "low." EVRPD facilities continue to operate according to the following schedules:
 - a. Lake Estes Golf Course Open for the season seven days per week until mid-September.
 - b. Estes Park Golf Course Open for the season seven days per week until late October/early November.
 - c. Community Center Open with no capacity restrictions. Main facility hours are 6 a.m. 8 p.m. weekdays and 9 a.m. 6 p.m. Saturdays; hours are noon to 5 p.m. on Sundays. Pools close an hour earlier than the rest of the facility.
 - d. Lake Estes Marina Open seven days per week until early September.
 - e. Mary's Lake and East Portal campground open seven days per week until early September.
- Media/IT Monthly stats provided by the Estes Park Trail Gazette's digital marketing division indicate the District's geofencing campaign remains the Gazette's top performing account. Also, on-site, digital payments for parking and vehicle/boat registration fees at marina properties continue to trend upward, and we hope to be able to eliminate cash transactions entirely by next summer.

The installation of new signage along the Lake Estes Trail and at various fee areas within the District is having the desired effect, especially with respect to the fees collected for issuance of guiding permits (primarily fishing and climbing) on the federal properties we manage.

In addition, the community center's POS system (CivicRec) remains heavily utilized for notifying patrons of programming schedules and options, as well as to solicit feedback regarding general District quality/service levels. The use of paper fliers and schedules is at a minimum.

Estes Valley Trails Committee – The Trails Committee's next meeting is scheduled for early October. The committee met June 6 and passed a recommendation to the Board to update the cost estimate for the Devil's Gulch/Dry Gulch Trail (*separate agenda item).

Senate Bill 2023-303 (SB23-303) – Pamela and I will be attending a regional "forum" on this measure on June 28 to discuss the provisions and potential effects the bill could have on revenues. Some key intentions of the bill are below:

- Reducing the residential assessment rate from 7.15 percent to 6.7 percent in 2023 and 2024 and continuing this reduction for primary residences.
- Incrementally reducing the business property assessment rate from 29 percent to at least 26.9 percent by 2032.
- Reducing the taxable value of residences by \$40,000 in 2023 and 2024 and continuing this reduction for primary residences in future years.
- Capping the growth in district property tax collections excluding school districts at inflation and allowing local governments to override the cap after giving notice to property owners.
- Protecting funding for public education and backfilling revenue to fire districts, water districts, ambulance and hospital districts in areas of the state that aren't growing as fast by dedicating a portion of the state TABOR surplus to backfill them.
- Providing seniors who currently receive the Homestead Exemption a larger reduction of \$140,000 and allowing them to continue to receive this reduction if they move.

Capital Projects/Infrastructure – Renner Sports is tentatively scheduled to install surfacing for the new tennis courts at Stanley Park later this month or in early July – or whenever evening temperatures are high enough to allow for proper application and curing.

We have submitted the required skate park plans/construction documentation to the Town of Estes Park Planning Department for review. I have also requested a reduction and/or waiver of the review and permit fees for the project; no determination on that request has been made to date. The town recently indicated that a "location and extent" meeting for this project would be scheduled within the next couple of weeks; we do not anticipate any major obstacles. However, Pillar Design Studios can't proceed with full-blown construction documents until the town approves the design documents.

On a related note, Archer Chew, a local Eagle Scout, approached me this week with a request to have his Eagle Scout Project be related to the construction of the skate park, so I suggested that he undertake work on the new monument sign and/or a donor wall or path for the park – especially since this task can be completed prior to the park being built. He and his father agreed to evaluate this possibility. I will update you on progress throughout the summer.

The town's Highway 36/Community Drive roundabout construction project is scheduled to run through the Fourth of July weekend (at least). The underpass at Highway 36 and Community Drive will be closed for all or the majority of the construction effort. This project is now affecting racing and other special events scheduled at Cherokee Draw and/or Stanley Park, but all

efforts are being made to convey the status of the project to event organizers so that alternative plans can be made to mitigate the effects of the trail closure.

The Town of Estes Park has completed relocation of the utility poles at the extension site of the Devil's Gulch/Dry Gulch Trail (near St. Bartholomew's Church). As you may recall, this project was funded with a combination of District, Town, and private contributions and will allow for the future realignment of the trail extension.

Estes Valley Recreation and Park Foundation – The Foundation continues to partner with Crossroads Ministries, the school district Social Services Department, and the community center Guest Services Department to provide 100-percent coverage of the fees for community center memberships to qualifying individuals and/or families.

The Foundation also continues to seek candidates to fill additional seats on the Board and is tentatively scheduled to meet in mid-June.

Bureau of Reclamation Updates – Pamela and department managers continue to work with the regional office on projects that qualify for and/or have recently been approved for Title 28 (T-28) federal grant funding. Approved projects are a "50/50 match;" further details will be provided when/if we get clearance to move forward with construction.

Staffing –Staffing levels across most of the District remain at satisfactory levels, with the exception being in the campgrounds maintenance department.

Policy – Focus areas include minor revisions to the personnel handbook, Colorado's nondiscrimination laws regarding gender identity, emergency-action planning and ALICE training, "lowering the mod" for workers' compensation claims/incidents and updating FMLA policy.

*As always, please do not hesitate to contact me at any time via cell phone at (970) 382-1356 or e-mail (tomc@evrpd.com) with questions, comments, and suggestions.

Agenda Title: Devil's Gulch / Dry Gulch Trail Estimate (Discussion/Action)

Submitted by: Tom Carosello, Executive Director

Background Information:

On June 6, 2023 the Estes Valley Trails Committee met to review the status of Trails Fund financials and pending projects. At this meeting the committee discussed the Devil's Gulch/ Dry Gulch trail as two preliminary tasks have been or are close to being completed. The first task was moving/relocating the MacGregor Ranch fence to the Right of Way (ROW) line. This was completed by EPCC and MacGregor Ranch with volunteer labor. The second task was to move the overhead electric line to the ROW line to provide space for the trail. The Town of Estes Park's Power and Communication department will be completing this project shortly. The committee discussed the next steps for this trail.

The committee made a formal motion to recommend to the EVRPD Board of Directors to obtain an updated cost estimate for the proposed Devils Gulch / Dry Gulch trail. By obtaining a cost estimate they can start looking at obtaining grants or budgeting Trails funds accordingly, as the previous cost estimate was obtained in 2017.
